Public Health Service

Agency Forms Undergoing Paperwork Reduction Act Review

Each Friday the Public Health Service (PHS) publishes a list of information collection requests under review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the PHS Reports Clearance Office on (202) 690-7100.

The following requests have been submitted for review since the list was last published on June 9.

1. Weekly and Annual Morbidity and Mortality Reports—0920-0007—Revision, consolidation with 0920-0014, no change in reporting forms or procedures—The timeliness of reporting of nationally notifiable diseases for publication in the MMWR provides information which CDC and State epidemiologists use to detect and more effectively interrupt outbreaks. Also, reporting provides the timely information needed to measure and demonstrate the impact of changed immunization laws or a new therapeutic therapy. The data are widely used by public health professionals concerned with the trends of diseases in the U.S. Respondents: State, Local or Tribal Government. Send comments to James Scanlon, Office of the Assistant Secretary for Health, Room 737-F, Humphrey Building, 200 Independence Ave., S.W., Washington, D.C. 20201.
